

Engineering Competency III -Summer Camp-

GMSI-GSDM Summer Camp 2017

The Graduate Program for Mechanical Systems Innovation (GMSI) and the Global Leader program for Social Design and Management (GSDM) at The University of Tokyo (UT) will hold a Summer Camp. By gathering together PhD/MSc students from various countries studying Mechanical Systems Innovation, Social Design Management and related fields, the Camp aims to widen the research perspective of the participants and facilitate international communication by developing international networks among young researchers.
